**Lenten
Retreat**

All of us routinely have a set of steps we take when we have a goal to reach, whether we know it or not. Those steps seem to go in this order:

1) searching, 2) discovering, and 3) celebrating. These three steps are not just used for our everyday life only, but also our spiritual life. You are invited this Lent to join Fr. Pat Hannon as he walks with us through the searching, the discovering and the celebrating of God's mercy and compassion for each and every one of His children. This three day or evening retreat promises to change your heart. No one, adults and youth alike, will be the same afterwards.
